## Dr. Robert Stanley D.D.S., PhD, MS

Dr. Stanley's professional career began as a Mechanical & Aerospace engineer. After receiving his BS, MS and PhD from North Carolina State University in engineering with a concentration in control theory, he enjoyed almost a decade with a telecommunications company in Research Triangle Park. To pursue his passion of dentistry, he returned to school and earned his dental degree from the University of North Carolina at Chapel Hill School of Dentistry, where he became Smile Engineer™.

As a dentist and an engineer, Dr. Robert Stanley has the unique ability to master and share his understanding of biomechanics as it applies to the daily implementation of dental implants. Dr. Stanley has extensive experience in implant surgery, as well as advanced bone and soft tissue grafting.

He is a Diplomate with the American Board of Oral Implantology, the International College of Oral Implantologists (ICOI), certified in Oral, IV and Conscious Sedation and is a member of the Academy of General Dentistry, the American Academy of Cosmetic Dentistry (AACD), the American Dental Association (ADA), the Raleigh-Wake Dental Society, the North Carolina Dental Society, the Dental Organization for Conscious Sedation (DOCS) and the International Association of Comprehensive Aesthetics.

This kit is specifically designed for micro-surgical soft tissue procedures including connective tissue grafting, crown lengthening, gingivectomies and Alloderm techniques. Additionally, this kit includes instrumentation for micro-suturing.

### Stanley Microsurgery Kit Components

|   |                   |
|---|-------------------|
| 16 Instrument Signature Series Cassette™ w/ Accessory | <b>IM4165</b>     |
| 2 Pack Hinged Instrument Clips                        | <b>IM1000</b>     |
| Cone Socket Mirror Handle, Black                      | <b>MH6B</b>       |
| 5 HD Cone Socket Mirror Single Sided, Black           | <b>MIR5HDB</b>    |
| TU-17/23 Double Ended Explorer                        | <b>EXTU17/236</b> |
| Allen End-Cutting Intrasulcular Knife, Black Line     | <b>KPAX</b>       |
| Allen Periosteal Elevator, Black Line                 | <b>PPAELX</b>     |
| Allen Periosteal Elevator, Anterior, Black Line       | <b>PPAELAX</b>    |
| Allen Periosteal Elevator, Posterior, Black Line      | <b>PPAELPX</b>    |
| 1 Woodson Periosteal, Black Line                      | <b>PFIWDS1X</b>   |
| 5 Straight Round Scalpel Handle                       | <b>10-130-05</b>  |
| 1/2 Allen Orban Knife, Round, Black Line              | <b>KO12KP03RX</b> |
| 1/2 Orban Periodontal Knife, Black Line               | <b>KO1/2X</b>     |
| YG7/8 Younger-Good DE Curette                         | <b>SYG7/89E2</b>  |
| Microsurgical Corn Suture Pliers                      | <b>SPM20</b>      |
| Plain Straight Micro Tissue Pliers, Diamond Dusted    | <b>8-905DD</b>    |
| CP-12 Color-Coded Probe (3-6-9-12)                    | <b>PCP126</b>     |
| 12 ColorVue™ Kit (3-6-9-12), 1 handle and 6 tips      | <b>PCV12KIT6</b>  |
| General Perma Sharp™ Tissue Pliers, 6"                | <b>TP5070</b>     |
| General 1x2 Perma Sharp™ Tissue Pliers, 6"            | <b>TP5071</b>     |
| Buser Periosteal Elevator, Black Line                 | <b>PPBUSERX</b>   |
| 9 Dean Scissors                                       | <b>S9</b>         |
| Straight Iris Perma Sharp™ Scissors                   | <b>S5082</b>      |
